

ARTICLE X

FINANCE AND PUBLIC DEBT

Section 1. The legislative assembly shall be prohibited from raising revenue to defray the expenses of the state through the levying of a tax on the assessed value of real or personal property.

Section 2. The power of taxation shall never be surrendered or suspended by any grant or contract to which the state or any county or other municipal corporation shall be a party.

Section 3. No tax shall be levied except in pursuance of law, and every law imposing a tax shall state distinctly the object of the same, to which only it shall be applied. Notwithstanding the foregoing or any other provisions of this constitution, the legislative assembly, in any law imposing a tax or taxes on, in respect to or measured by income, may define the income on, in respect to or by which such tax or taxes are imposed or measured or may define the tax itself by reference to any provision of the laws of the United States as the same may be or become effective at any time or from time to time, and may prescribe exceptions or modifications to any such provision.

Section 4. All taxable property except as hereinafter in this section provided, shall be assessed in the county, city, township, village or district in which it is situated, in the manner prescribed by law. The property, including franchises of all railroads operated in this state, and of all express companies, freight line companies, dining car companies, sleeping car companies, car equipment companies, or private car line companies, telegraph or telephone companies, the property of any person, firm or corporation used for the purpose of furnishing electric light, heat or power, or in distributing the same for public use, and the property of any other corporation, firm or individual now or hereafter operating in this state, and used directly or indirectly in the carrying of persons, property or messages, shall be assessed by the state board of equalization in a manner prescribed by such state board or commission as may be provided by law. But should any railroad allow any portion of its railway to be used for any purpose other than the operation of a railroad thereon, such portion of its railway, while so used shall be assessed in a manner provided for the assessment of other real property.

Section 5. Taxes shall be uniform upon the same class of property including franchises within the territorial limits of the authority levying the tax. The legislative assembly may by law exempt any or all classes of personal property from taxation and within the meaning of this section, fixtures, buildings and improvements of every character, whatsoever, upon land shall be deemed personal property. The property of the United States, to the extent immunity from taxation has not been waived by an act of Congress, property of the state, county, and municipal corporations, to the extent immunity from taxation has not been waived by an act of the legislative assembly, and property used exclusively for schools, religious, cemetery, charitable or other public purposes shall be exempt from taxation. Real property used for conservation or wildlife purposes is not exempt from taxation unless an exemption is provided by the legislative assembly. Except as restricted by this article, the legislative assembly may provide for raising revenue and fixing the situs of all property for the purpose of taxation. Provided that all taxes and exemptions in force when this amendment is adopted shall remain in force until otherwise provided by statute.

Section 6. Repealed.

Section 7. The legislature may by law provide for the levy and collection of an acreage tax on lands within the state in addition to the limitations specified in article X, section 1, of the constitution. The proceeds of such tax shall be used to indemnify the owners of growing crops against damages by hail, provided that lands used exclusively for public roads, rights of way of common carriers, mining, manufacturing or pasturage may be exempt from such tax.

Section 8. The legislative assembly shall pass all laws necessary to carry out the provisions of this article.

Section 9. The legislative assembly may provide for the levy of a tax upon lands within the state for the purpose of creating a fund to insure the owners of growing crops against losses by hail. The legislative assembly may classify lands within the state, and divide the state into districts on such basis as shall seem just and necessary, and may vary the tax rates in such districts in accordance with the risk, in order to secure an equitable distribution of the burden of the tax among the owners of such lands.

Section 10.

1. Upon the adoption of this amendment to the Constitution of the State of North Dakota there shall be annually levied by the state of North Dakota one mill upon all of the taxable property within the state of North Dakota which, when collected, shall be covered into the state treasury of the state of North Dakota and placed to the credit of the North Dakota state medical center at the university of North Dakota; said fund shall be expended as the legislature shall direct for the development and maintenance necessary to the efficient operation of the said North Dakota state medical center.
2. This amendment shall be self-executing, but legislation may be enacted to facilitate its operation.

Section 11. Revenue from gasoline and other motor fuel excise and license taxation, motor vehicle registration and license taxes, except revenue from aviation gasoline and unclaimed aviation motor fuel refunds and other aviation motor fuel excise and license taxation used by aircraft, after deduction of cost of administration and collection authorized by legislative appropriation only, and statutory refunds, shall be appropriated and used solely for construction, reconstruction, repair and maintenance of public highways, and the payment of obligations incurred in the construction, reconstruction, repair and maintenance of public highways.

Section 12.

1. All public moneys, from whatever source derived, shall be paid over monthly by the public official, employee, agent, director, manager, board, bureau, or institution of the state receiving the same, to the state treasurer, and deposited by him to the credit of the state, and shall be paid out and disbursed only pursuant to appropriation first made by the legislature; provided, however, that there is hereby appropriated the necessary funds required in the financial transactions of the Bank of North Dakota, and required for the payment of losses, duly approved, payable from the state hail insurance fund, state bonding fund, and state fire and tornado fund, and required for the payment of compensation to injured employees or death claims, duly approved, payable from the workmen's compensation fund, and required for authorized investments made by the board of university and school lands, and required for the financial operations of the state mill and elevator association, and required for the payment of interest and principal of bonds and other fixed obligations of the state, and required for payments required by law to be paid to beneficiaries of the teachers' insurance and retirement fund, and required for refunds made under the provisions of the Retail Sales Tax Act, and the State Income Tax Law, and the State Gasoline Tax Law, and the Estate and Succession Tax Law, and the income of any state institution derived from permanent trust funds, and the funds allocated under the law to the state highway department and the various counties for the construction, reconstruction, and maintenance of public roads.

This constitutional amendment shall not be construed to apply to fees and moneys received in connection with the licensing and organization of physicians and surgeons, pharmacists, dentists, osteopaths, optometrists, embalmers, barbers, lawyers, veterinarians, nurses, chiropractors, accountants, architects, hairdressers, chiropodists, and other similarly organized, licensed trades and professions; and this

constitutional amendment shall not be construed to amend or repeal existing laws or Acts amendatory thereof concerning such fees and moneys.

2. No bills, claims, accounts, or demands against the state or any county or other political subdivision shall be audited, allowed, or paid until a full itemized statement in writing shall be filed with the officer or officers whose duty it may be to audit the same, and then only upon warrant drawn upon the treasurer of such funds by the proper officer or officers.
3. This amendment shall become effective on July 1, 1939.

Section 13. The state may issue or guarantee the payment of bonds, provided that all bonds in excess of two million dollars shall be secured by first mortgage upon real estate in amounts not to exceed sixty-five percent of its value; or upon real and personal property of state-owned utilities, enterprises, or industries, in amounts not exceeding its value, and provided further, that the state shall not issue or guarantee bonds upon property of state-owned utilities, enterprises, or industries in excess of ten million dollars.

No further indebtedness shall be incurred by the state unless evidenced by a bond issue, which shall be authorized by law for certain purposes, to be clearly defined. Every law authorizing a bond issue shall provide for levying an annual tax, or make other provision, sufficient to pay the interest semiannually, and the principal within thirty years from the date of the issue of such bonds and shall specially appropriate the proceeds of such tax, or of such other provisions to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax or other provisions discontinued until such debt, both principal and interest, shall have been paid. No debt in excess of the limit named herein shall be incurred except for the purpose of repelling invasion, suppressing insurrection, defending the state in time of war or to provide for the public defense in case of threatened hostilities.

Section 14.

1. Notwithstanding any other provision in the constitution, and for the purpose of promoting the economic growth of the state, the development of its natural resources, and the prosperity and welfare of its people, the state may issue bonds and use the proceeds thereof to make loans to privately or cooperatively owned enterprises to plan, construct, acquire, equip, improve, and extend facilities for converting natural resources into power and generating and transmitting such power, and to acquire real and personal property and water and mineral rights needed for such facilities.
2. The state may issue general obligation bonds for this purpose to an amount which, with all outstanding general obligation bonds, less the amount of all money on hand and taxes in process of collection which are appropriated for their payment, will not exceed five percent of the full and true value of all of the taxable property in the state, to be ascertained by the last assessment made for state and county purposes: but nothing herein shall increase or diminish the limitations established by other provisions of the constitution on the amount of bonds therein authorized to be issued.
3. The state may also issue revenue bonds for the purpose of providing part or all of the funds required for any project undertaken under subsection 1, payable solely from sums realized from payments of principal and interest on money loaned for such project, and from other similar projects if so determined by the legislature, and from the liquidation of security given for such payments. Revenue bonds issued for any project shall not exceed the cost thereof, including all expenses reasonably incurred to complete and finance the project, but shall not be subject to any other limitation of amount.
4. The full faith and credit of the state shall be pledged for the prompt and full payment of all bonds issued under subsection 2. Its obligation with respect to bonds issued under subsection 3 shall be limited to the prompt and full performance of such covenants as the legislature may authorize to be made respecting the enforcing of the provisions of

underlying loan agreements and the segregation, accounting, and application of bond proceeds and of loan payments and other security pledged for the payment of the bonds. All bonds authorized by subsections 1 to 3, inclusive, shall mature within forty years from their respective dates of issue, but may be refunded at or before maturity in such manner and for such term and upon such conditions as the legislature may direct. Any such bonds may, but need not be, secured by mortgage upon real or personal property acquired with the proceeds of the same or any other issue of general obligation or revenue bonds, or upon other property mortgaged by the debtor. Pledges of revenues and mortgages of property securing bonds of any issue may be prior or subordinate to or on a parity with pledges and mortgages securing any other issue of general obligation or revenue bonds, as determined by the legislature from time to time in conformity with any provisions made for the security of outstanding bonds.

5. The legislature shall pass such laws as are appropriate to implement this amendment.
6. If any subsection of this amendment, or any part of a subsection, or any application thereof to particular circumstances should be held invalid for any reason, such invalidity shall not affect the validity of all remaining provisions of this amendment which may be given effect without that which is declared invalid, as applied to any circumstances and for this purpose all subsections and parts of subsections and applications thereof are declared to be severable.

Section 15. The debt of any county, township, city, town, school district or any other political subdivision, shall never exceed five per centum upon the assessed value of the taxable property therein; provided that any incorporated city may, by a two-thirds vote, increase such indebtedness three per centum on such assessed value beyond said five per centum limit, and a school district, by a majority vote may increase such indebtedness five percent on such assessed value beyond said five per centum limit; provided also that any county or city by a majority vote may issue bonds upon any revenue-producing utility owned by such county or city, or for the purchasing or acquiring the same or building or establishment thereof, in amounts not exceeding the physical value of such utility, industry or enterprise.

In estimating the indebtedness which a city, county, township, school district or any other political subdivision may incur, the entire amount, exclusive of the bonds upon said revenue-producing utilities, whether contracted prior or subsequent to the adoption of this constitution, shall be included; provided further that any incorporated city may become indebted in any amount not exceeding four per centum of such assessed value without regard to the existing indebtedness of such city for the purpose of constructing or purchasing waterworks for furnishing a supply of water to the inhabitants of such city, or for the purpose of constructing sewers, and for no other purposes whatever. All bonds and obligations in excess of the amount of indebtedness permitted by this constitution, given by any city, county, township, town, school district, or any other political subdivision shall be void.

Section 16. Any city, county, township, town, school district or any other political subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrevocable until such debt be paid.

Section 17. No bond or evidence of indebtedness of the state is valid unless it has endorsed thereon a certificate, signed by the auditor and secretary of state showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or other political subdivision is valid unless it has endorsed thereon a certificate signed by the officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

Section 18. The state, any county or city may make internal improvements and may engage in any industry, enterprise or business, not prohibited by article XX of the constitution, but neither the state nor any political subdivision thereof shall otherwise loan or give its credit or make donations to or in aid of any individual, association or corporation except for reasonable support of the poor, nor subscribe to or become the owner of capital stock in any association or corporation.

Section 19. The legislative assembly is hereby authorized and empowered to provide by law for the erection, purchasing or leasing and operation of one or more terminal grain elevators in the states of Minnesota or Wisconsin, or both, to be maintained and operated in such manner as the legislative assembly shall prescribe, and provide for inspection, weighing and grading of all grain received in such elevator or elevators.

Section 20. The legislative assembly is hereby authorized and empowered to provide by law for the erection, purchasing or leasing and operation of one or more terminal grain elevators in the state of North Dakota, to be maintained and operated in such manner as the legislative assembly shall prescribe, and provide for inspection, weighing and grading of all grain received in such elevator or elevators.

Section 21. Not less than fifteen percent of the tax imposed for severing coal shall be placed into a permanent trust fund in the state treasury to be held in trust and administered by the board of university and school lands, which shall have full authority to invest said trust funds as provided by law, and may loan moneys from the fund to political subdivisions as provided by law. The interest earned on the moneys in said trust fund shall be used first to replace uncollectable loans made from the fund, and the balance shall be credited to the general fund of the state. Up to fifty percent of the taxes collected and deposited in the permanent trust fund during a biennium may be appropriated by the legislative assembly for lignite research, development, and marketing as provided by law. An additional twenty percent of the taxes collected and deposited in the permanent trust fund during a biennium may be appropriated by the legislative assembly for clean coal demonstration projects approved by the industrial commission.

Section 22. The legislative assembly may provide by law for a percentage of revenue from taxes imposed on the extraction or production of oil to be allocated and credited to a special trust fund, to be known as the resources trust fund. The principal and income of the resources trust fund may be expended only pursuant to legislative appropriation for:

1. Constructing water-related projects, including rural water systems; and
2. Funding of programs for energy conservation.

Section 23. The legislative assembly may provide for the payment of adjusted compensation to North Dakota residents who were members of the regular active duty armed forces and who served in the Persian Gulf theatre or in the Grenada, Lebanon, or Panama areas of armed conflict as designated by the President of the United States or to heirs of North Dakota residents who were members of the regular active duty armed forces and who died while on orders to or from the Persian Gulf theatre or in the Grenada, Lebanon, or Panama areas of armed conflict as designated by the President of the United States. The legislative assembly may provide a direct appropriation or provide for the issuance, sale, and delivery of bonds of the state of North Dakota in such principal amounts as determined by the legislative assembly to be necessary for the payment of adjusted compensation under this section. Adjusted compensation under this section may be paid at such rates, terms of service, and conditions as the legislative assembly provides.

Section 24. Twenty percent of the revenue from oil extraction taxes from taxable oil produced in this state must be allocated as follows:

1. Fifty percent must be deposited in the common schools trust fund.

2. Fifty percent must be deposited in the foundation aid stabilization fund in the state treasury, the interest income of which must be transferred to the state general fund on July first of each year. The principal of the foundation aid stabilization fund may be expended only upon order of the governor, who may direct such a transfer only to offset foundation aid reductions that were made by executive action pursuant to law due to a revenue shortage.

Section 25. The veterans' postwar trust fund shall be a permanent trust fund of the state of North Dakota and shall consist of moneys transferred or credited to the fund as authorized by legislative enactment. Investment of the fund shall be the responsibility of the state treasurer who shall have full authority to invest the fund only in the same manner as the state investment board is authorized to make investments. All income received from investments is to be utilized for programs which must be of benefit and service to veterans, who are defined by legislative enactment, or their dependents, and such income is hereby appropriated to the administrative committee on veterans' affairs on a continuing basis for expenditure upon those programs selected at the discretion of the administrative committee on veterans' affairs.

Section 26.

1. Thirty percent of total revenue derived from taxes on oil and gas production or extraction must be transferred by the state treasurer to a special fund in the state treasury known as the legacy fund. The legislative assembly may transfer funds from any source into the legacy fund and such transfers become part of the principal of the legacy fund.
2. The principal and earnings of the legacy fund may not be expended until after June 30, 2017, and an expenditure of principal after that date requires a vote of at least two-thirds of the members elected to each house of the legislative assembly. Not more than fifteen percent of the principal of the legacy fund may be expended during a biennium.
3. Statutory programs, in existence as a result of legislation enacted through 2009, providing for impact grants, direct revenue allocations to political subdivisions, and deposits in the oil and gas research fund must remain in effect but the legislative assembly may adjust statutory allocations for those purposes.

The state investment board shall invest the principal of the North Dakota legacy fund. The state treasurer shall transfer earnings of the North Dakota legacy fund accruing after June 30, 2017, to the state general fund at the end of each biennium.
